Dr. Javier García González
Workshop Coordinator: javiergg@iit.comillas.edu
Phone: +34 91 540 63 05

Registration

Attendee:

Send an email to info@iit.comillas.edu with your contact details and affiliation, indicating in the subject: *attendee Josite'2017*. You will receive a confirmation of the registration by email.
Deadline: 24 May

Presenter:

Send an email to javiergg@iit.comillas.edu indicating in the subject: *presenter Josite'2017*. Include the title of your talk, and a pdf file of your paper (it can be a working paper).

Every accepted paper will be assigned to two discussants that will provide the feedback after the presentation.

Deadline: 4 May 2017

In case your presentation is accepted, you will receive the confirmation and the final program by May 14.

Attendees and Presenters will be provided with a certificate of attendance/participation.

Venue

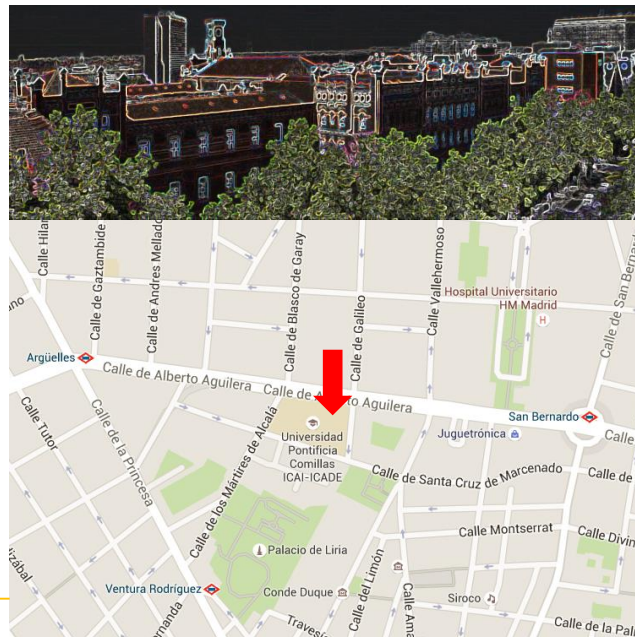

The Workshop **Josite'2017** will be held at:
Sala de Conferencias, c/ Alberto Aguilera 23
Comillas Pontifical University, Madrid.
28015 Madrid

Tel.: +34 91 542 28 00 Fax: +34 91 559 65 69

Public Transportation

Metro: Argüelles, San Bernardo, Ventura Rodriguez
Buses (EMT): lines 1, 2, 21, 44, 74, 133, C

Date: 26 May 2017, from 9:00 until 13:30.

Josite'2017

12th Workshop on Industrial Systems and Energy Technologies

26 May 2017

Institute for Research in Technology (IIT)
ICAI School of Engineering
Pontifical Comillas University

IIT

www.iit.comillas.edu

The Institute for Research in Technology (IIT) is a center within the ICAI School of Engineering at Comillas Pontifical University.

Its main aim is to promote research and training among postgraduate students in different technological fields by means of participating in specific projects of interest for the Industry and the Administration.

The purpose of the IIT is to make a contribution to society by transferring its research results.

The IIT:

Was founded **more than 30 years ago** and it is a university-based research center.

It places academic excellence at the core of its activities, participating fully in the **international research community**.

It is **self-financing** and most of its work is carried out in collaboration with the industry.

It has **more than 100 researchers and academic staff**.

It is dedicated to **applied research, doctoral and postgraduate education** and the **transfer of technology** and knowledge to society

Josite'2017

The annual **Workshop on Industrial Systems and Energy Technologies** (Josite) aims to be a unique platform for young researchers and scholars who develop their activity at the IIT in collaboration with the industry sector.

The objective of the **12th edition** of this workshop (**Josite'2017**) is to provide an adequate forum for the presentation of the latest research, the exchange of ideas, and to encourage the collaboration among all the IIT members and invited participants.

Following the initiative launched in the framework of the **Aristos Campus Mundus 2015** Project, Campus of International Excellence, **Josite'2017** is open to researchers from:

University of Deusto
Universidad Pontificia Comillas
Universitat Ramon Llull.

Topics covered in Josite'2017

The papers/presentations must cover any of the following areas:
